Subject: Re: DRAFT QAPP FOR REVIEW - Cook Inlet Tribes' Subsistence Consumption Assessment

Hello Kathy and Mike

The review of the QAPP listed above has been completed. It is about time that the "actual" fish consumption be addressed and studied especially by the Alaskan tribes. My only comment to this QAPP - please add belly flaps/fat in Table 3 of the survey questionnaire. Those are my favorite parts of fish - the head, the internal organs and the belly flaps with fat. In fact, I don't like fillets at all and how do I like them cooked? I like them boiled with water, vinegar and garlic or ginger, fried or grilled with chopped garlic, onions, tomatoes and tamarind leaves in the belly.

I love this QAPP - I just hope that the "real fish consumption" amount will come out this time from the tribes because it really will mean a lot in the fish consumption and human health risk assessment study that I assume will come out later.

Thank you for giving me a chance to be a part of this study. The QAPP is approvable, just submit a revised and final document with the addition of my comment.

Subject: DRAFT QAPP FOR REVIEW - Cook Inlet Tribes' Subsistence Consumption Assessment

Greetings All!

I'm hoping someone can review this draft QAPP - Seldovia IGAP FY12 Special Project - Cook Inlet Tribes' Subsistence Consumption Assessment. Please let me know. This is a very exciting project!

Thanks!

Katherine

Hi Katherine and Gina,
Here is our QAPP for our Cook Inlet Tribes Subsistence Consumption Assessment for your review and approval. If there are any questions, comments, or suggestions please contact us.

Thank you,

Michael
